# FEDERAZIONE ANIE

**Federazione ANIE** is a Confindustria member representing the Electrical and Electronic Engineering Manufacturing companies operating in Italy. ANIE is an active and recognised interlocutor of the stakeholders who influences framework policies in Italy and abroad and offers to Member Companies a platform where they can confront with a whole community of industries.

## **ANIE, with over 1,200 member companies, represents the following Industry sectors:**

Power Production including Photovoltaic technologies, Power Transmission and Power Distribution, Electrified Transports, Lift and Escalators, Lighting, Cables, Components and Devices for Electrical Installation, Household Appliances and Catering Equipment, Electronic Components, Automation and Instrumentation, Security, Fire Safety and Building Automation, Motion and Power Transmission Systems.

## **ANIE industry in figures for 2012:**

- 63 billions € of global turnover
- 29 billions € of export (52.9% on global turnover)
- 425,000 employees

## CONSORZIO CONELEX

**CONELEX** is the Export Consortium born in 2003 from an initiative by a number of small and medium-sized companies Members of ANIE and operating in the electrical, electronic, lighting and ICT sector, willing to export their product technology, quality reliability and industrial design worldwide. In order to make their activities on the international markets more synergic and effective, these companies founded the consortium so as to provide themselves with market-specific support and develop dedicated promotional activities.

### **CONELEX member companies are:**

CABUR S.r.l. [www.cabur.eu](http://www.cabur.eu)

**HALL 12 • STAND D35**

Born in 1952, leading manufacturer of terminal Blocks for electrical boards in Italy, ISO 9001 & 14001 certified, **Cabur** offers systems and solutions for the connection and distribution of energy, a wide range of switching power supplies, electronic components for electrical panels, connectors and other accessories for photovoltaic installations, as well as industrial marking systems.

#### Products:

1. Terminal Blocks;
2. Electronic products for Electrical Panels (power supply, relay, converter);
3. Industrial marking system;
4. Photovoltaic products.

**COMAR Condensatori S.p.A.**, established in 1968, is a leading concern in design and development of a wide range of Capacitors and where Capacitors are in the main part especially to save electrical energy.

**COMAR produces:** single and three phase Capacitors for LV and MV applications, PF Regulators, filter reactors and a wide range of Automatic Cabinets included "detuned" type.

COMAR has experience in harmonics reduction by Passive and Active Filter systems. COMAR produces: AC/DC Filter, Damping and RC protection Capacitors. COMAR has a complete range for motor drivers, run and lighting Capacitors both in plastic and metal case.

COMAR has QSE Quality Integrated System Certified ISO 9001, 14001 and OHSAS 18001 and products approved with the Technical Standard by IMQ, VDE, C-UL-US and KEMA.

**Products:**

Lighting and Motor Capacitors, Three-Phase Capacitors, Racks, P.F Regulators, Reactors, P.F. Correction equipment for LV and MV application, Active and Passive Filters for Harmonics reduction.

**ZOTUP** provides the highest quality products in the field of protecting electrical and electronic equipment from overvoltages.

**Products:**

1. Surge protective devices for low, medium and high voltage.
2. Surge protection for PV plant, Wind Turbine, Data Center and LED lighting.

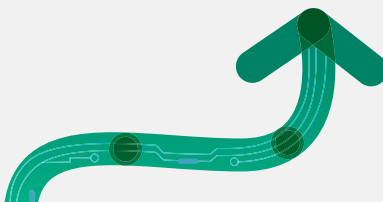

**CONTRADE S.r.l.** | Via Depretis, 11 • 24124 Bergamo (BG) - Italy

Since 1960 **Coremo Ocmea S.p.A.** manufactures industrial brakes and clutches.

An accurate design, a continuous product innovation and the high quality components make our brakes and clutches the perfect solution to ensure safety and reliability even in heavy duty application.

A large range of hydraulic and pneumatic products, is able to meet requests and specifications of several markets, such as: Oil & Gas, mining, marine, industry and entertainment.

A capillary sales network provides a skilled technical and commercial support to all our customers and offers an excellent post sale service, all over the world.

**Products:**

1. Hydraulic disc brakes;
2. Pneumatics disc brakes;
3. Hydraulic power packs;
4. Water cooled brakes and clutches;
5. Air tube brakes and clutches;
6. Air cooled brakes;
7. Pneumatic modular brakes;
8. Radial units;
9. Brake-Clutch combinations;
10. Electric disc brakes.

**Imequadri Duestelle** is part of IME S.p.A. Group and its headquarter is based in Ugnano (BG) near Milan, in a factory of more than 25,000 sqm (16,000 sqm indoor). Here are located sales, technical offices and production plants, with metalsheet forming, mounting, wiring departments, prototypes laboratories and testing rooms. Imequadri Duestelle is certified ISO 9001:2008 and ISO14001:2004 and the first ISO certification dates back to 1993.

### **Products:**

#### **The Switchgear Division designs and produces:**

Low Voltage switchgears  
Power Centers Polimeta,  
Motor Control Centers Multicontrol,  
Medium Voltage switchboards  
Metal Clad LSC2B-PM class of the Normoclad Series,  
Metal Enclosed LSC2A-PI class with air insulated LBS of the Rotobloc Series,  
Metal Enclosed LSC2A-PM class

with SF6 insulated LBS of the Minibloc-6 Series,  
MV and LV Buducts Normoduct,  
Prefabricated substations.

#### **The Equipment Division projects and manufactures:**

indoor MV Load Break Switches and Disconnectors (Air or SF6 gas-insulated),  
Circuit breakers,  
Earthing Switches for panel/wall mounting solutions.

**Nidec ASI S.p.A.**

**Nidec ASI** was formed in December 2012 following the acquisition of Ansaldo Sistemi Industriali Spa (ASI) by Nidec Corporation. Over the past century and a half, ASI has specialized in providing innovative power control and system solutions that have satisfied hundreds of customers worldwide. The company's strength lies in working together with its customers to develop innovative solutions that fully fit customers' business and plant goals, allowing them to achieve a rapid return on investment.

Nidec ASI Power Management System

AnswerDrives Low Voltage Drives Family

**Products:**

LV-MV Drives, Excitation Systems, Softstarters, Power Quality Systems ,  
Electric Motors & Generators, Industrial Automation.

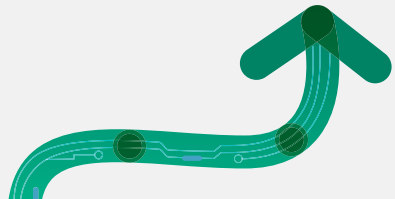

**Service:**

Engineering, Project management, Commissioning & Start Up, Energy  
Efficiency Assessments, Long Term Maintenance Agreements, Remote  
Diagnostics & Monitoring, Spare Parts Management, Field Service.

The Group has been ever active in the field of electrical work and process control with strong know how in production of MCC, switchboard system, industrial automation, Robotics assembly system and also in renewable field especially on photovoltaic/Hydro as

EPC. Group's Business Unit developed expertise and professionalism allowing them to penetrate Industrial market becoming a leader in the field of plant process, industrial automation and renewable energy with several customer worldwide.

**Righi Elettroservizi S.p.A.** is also strong in using its subsidiaries on synergic way to be able to provide complete engineering assistance, software developing, complete industrial equipment for all kind of "command and control" system, EPC installations work, testing, after sales and O&M and service worldwide.

### Products:

1. MCC
2. Industrial Automation
3. Engineering and Software Developing

Since 1976 **TDE MACNO** offers **Servo Drives, Inverters, Ffe, Afe** for the **Industrial Automation** and the **Alternative Energies**.

**Products:**

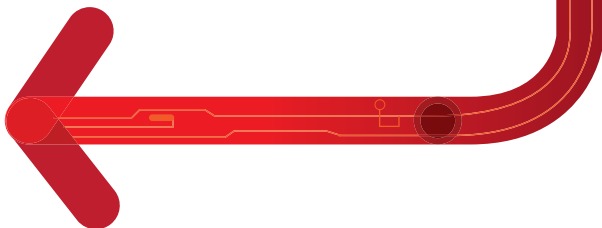

1. Servodrives with feedback and/or sensorless
2. FOC and V/f frequency inverter
3. Active Front End sinusoidal regeneration unit (AFE)
4. Fundamental Front End unit (FFE)
5. DC thyristor drives
6. Control systems for industrial automation
