3

- **IGTL represents members toward state and European administration, as well as domestic and international organizations.**
- **As regards international dimension, IGTL is a member of ERFA and cooperates with VDV (Germany).**
- **We take part in consultation process of law, regulation or strategy proposals, including European level (ministries/ government, NSA, RB, ERA, EC, etc.).**

Warszawa, March 21, 2018

4

- IGTL is holding chairmanship of New ERFA RU subgroup on developing a Best Practice Guide on the Annex VII legislation (coordination of infrastructure works)
- IGTL is represented in DG GROW Rail Supply Industry Expert Group (competitiveness of railways)
- IGTL, as a member of ERFA, is represented in ERA Working Groups (Radio Coordination, NOI TSI).

Warszawa, March 21, 2018

5

- IGTL is active in cooperation with national rail infrastructure manager as a representation body for the market (public procurement, criteria, supply chain, investment, as well as capacity allocation, operation, etc.).
- Our organization is also involved in administrative proceedings regarding capacity allocation and track access charges, as well as deals with issues of safety and rolling stock management or maintenance.
- We are present in numerous domestic railway industry groups and forums.
