

Business matching digital sessions with Braskem

12-13/07/23

15:00 (CET)

Live webinars

ANIMA
CONFINDUSTRIA
MECCANICA VARIA

Background

Backed by a SACE facility of over 375 million Euro, Braskem has met 250 new Italian suppliers so far, and is keen to meet more!

The Buyer

Braskem is a leader industrial group and **among the ten major global players** in the **production of thermoplastic materials such as polyethylene (PE) and polypropylene (PP) and recycled plastic polymers**. The company holds 41 production facilities: 29 in Brazil, six in the USA, four in Mexico, and two in Europe. Braskem is currently rolling out its CAPEX plan with a strong focus on technologies to support its green transition process, by the elimination of plastic waste, the expansion the plastic made from renewable and recycled materials and the reduction of the emissions.

Business opportunity

SACE is pleased to invite you to **2 online meetings** with **André Cardoso, Senior Contract Manager at Braskem**, followed by **bilateral meetings**. The initiative, organised with the kind cooperation of Confindustria, ANIE and ANIMA, will focus on:

12th July at 15:00 (CET): Plant components and equipment, including valves, piping, boilers, heat exchangers, pumps and compressors.

REGISTER HERE

13th July at 15:00 (CET): Electrical and Electrotechnical components and equipment.

REGISTER HERE

The event will take place on Microsoft Teams. The participation is free of charge and the registration is mandatory to receive the link to connect.
