

Live business session in the UAE with Beeah and Archirodon

Dubai & Sharjah (UAE)

November 14-15, 2023

SACE, with the support of the Italian Embassy and Confindustria, is pleased to invite you to a **live business session in the UAE!**

Join us in Dubai and Sharjah for B2B meetings with representatives from Archirodon and Beeah. These two companies have benefitted from **SACE's Push Strategy**, our flagship financial guarantee aimed at **increasing business opportunities for Italian exporters.**

Beeah is the **UAE's leading integrated environmental, recycling & waste management company.** Founded in 2007, the company's mission is to provide **sustainable solutions in environmental and resource management** through integrated waste management, renewable energy, public cleansing, environmental protection and consulting, facilities management and **sustainable development.** The company is also **interested in discovering innovative startups active in a variety of industries.**

Archirodon is a diversified **international EPC contracting organization** established in 1959. The group **manages and executes challenging projects of multi-discipline nature** in the marine and offshore, energy and transport infrastructure sectors.

The two **Push facilities** were **structured as Sustainability-Linked Loans**, committing the buyers in reaching sustainability objectives.

Tuesday November 14th 2023
